

BAYSWATER SOUTH PRIMARY SCHOOL

STUDENT WELFARE POLICY AND PROCEDURES

1. School Culture, Values and Support

The school actively seeks to engage with parents and the community to ensure a positive and inclusive school culture in which every student has the opportunity to succeed. The school works collaboratively with students and parents/ carers to establish fair and respectful behaviour policies and practices, based on the school's values, expected social competencies and positive peer relationships. There are also intervention strategies in place to address inappropriate behaviours which can negatively impact on the learning environment of the self and others.

The school appreciates its diverse student and parent population, and has measures in place to ensure all students enjoy the same level of access to the school's curriculum and co-curricular programs. Our teaching and learning philosophy is important in engaging all students in their academic learning. Our extension/support programs and provision of an EAL (English Additional Language) program provide students with additional classroom support to ensure student literacy and numeracy needs are being addressed. Our pastoral and mentoring programs are tailored to address students' personal and social learning at various stages of their education. Our Disability and Impairment program provides vital assistance and support to students in and out of the classroom. Student leadership capacity is fostered through the Student Representative Council, the house system, the role of the school captains and our "Leader in Me" ® (Stephen Covey) program.

Students receive added support in their learning through our community. These networks include Kid's Hope, Anglicare, Australian Childhood Foundation, and Department of Human Services.

The employment of a multicultural aide is important in communicating effectively with our German families and multicultural families. The School also uses interpreters where appropriate to assist parents/ carers to engage in the learning and progress of their child. This also enhances our capacity for effective decision making due to the greater diversity of perspectives and inputs.

Student well-being (social, emotional and cognitive engagement) is addressed in a number of ways. At risk students are supported by our Well-being Team which includes the DEECD Psychologist, Speech Therapist and School Chaplain. External agencies such as Anglicare, Australian Childhood Foundation and Department of Human Services work with students and families on a more targeted and individualised level.

When relationships break down between members of the school community, we use "Restorative Practices" to restore and rebuild these. Staged responses are implemented in addressing ongoing behavioural issues, and suspension from school is viewed as a last resort.

The school places an emphasis on 100% attendance, and has in place attendance targets. Attendance is monitored throughout the day, and student absences are

followed up by Professional Learning Team leaders. Attendance meetings are an important mechanism through which teachers and parents can work together to combat absenteeism and truancy. (Refer to our Attendance Policy).

The School values student, parent / carer input into its operations and curriculum offerings and seeks feedback through the Student Attitudes to School survey, Parent Opinion survey, and from parent representatives on School Council and Parents' Club. The School Council provides financial assistance and encouragement to the Parents' Club in our efforts to build a sense of community.

2. Rights and Responsibilities:

It is the right of all members of the School community to experience a safe, pleasant and supportive learning and teaching environment. Staff, students and parents/ carers have a right to be treated with respect, and enjoy an environment free from bullying (including cyber bullying), harassment, violence, discrimination or intimidation. (Refer to our Bullying (including cyber bullying) and Harassment Policy, Equal Opportunity Policy, Disability and Impairment Policy and Multicultural Policy).

Teachers also have the rights to be informed, within Privacy requirements, about matters relating to students that may impact on their teaching and learning for that student.

Students have a responsibility to contribute positively to the educational experience for themselves and other students, to participate fully in the school's educational program, and to ensure that their behaviours demonstrate respect for themselves, their peers, their teachers and all other members of the school community.

Parents/ carers have a responsibility to take an active interest in their child's educational progress, model and reinforce positive behaviours and ensure their child's regular attendance. They have a responsibility to support the school in maintaining a safe and respectful learning environment for all students, and engage in regular and constructive communication with school staff regarding their child's learning.

Teachers have a responsibility to demonstrate the standards set by the Victorian Institute of Teaching. That is, to know how students learn and how to teach them effectively, know the content they teach, know their students, plan and assess for effective learning, create and maintain safe and challenging learning environments, and use a range of strategies to engage students in effective learning. Teachers also have a responsibility to fairly, reasonably and consistently implement the Student Engagement Policy.

All members have an obligation to ensure school property is appropriately used and maintained.

5. School Action and Consequences

Corporal Punishment is prohibited in all Victorian schools. Corporal punishment must NOT be used at the school under any circumstances.

Discipline Procedures – suspension and expulsion

A student may be excluded from school in situations where all other measures have been implemented without success, or where an immediate suspension is the only appropriate course of action in response to the student's behaviour which may put the health, safety and well-being of other students, staff or themselves at significant risk.

Consequences which may be used prior to suspension include:

- Withdrawal of privileges
- Use of behaviour and attendance sheets to monitor behaviour
- Withdrawal from class activities for a specified period. Where appropriate, parents/carers will be informed of such withdrawals
- Time out of play: teachers may require a student to complete school work or additional work or duties at recess or lunch break. No more than half the break time may be given to time out. Parents will be informed of the time out
- Convening of a Student Support Group.

When considering suspension or expulsion, the School follows the Department of Early Childhood and Development's procedures (refer to section 4.3 of Effective Schools are Engaging Schools: Student Engagement Policy Guidelines).

EVALUATION

This policy is to be reviewed in 2017.

APPENDIX B: MANAGING STUDENT BEHAVIOUR

Effective schools are engaging schools which create a positive school culture. The primary focus is to provide a safe and supportive learning environment. Students can only learn effectively in environments in which they feel safe and supported, and where teachers have high expectations for their learning. Well run and democratic classrooms are central to the establishment of safe school environments.

Behaviour unchallenged is behaviour condoned

Responsibilities of the Classroom Teacher:

- Involve and engage all students, set high expectations, seek feedback from students and “give out two messages to every child –‘you can succeed’ and ‘I will help you do that’.
- To be familiar with and implement the following two documents: “*Protocols for Maintaining an Orderly Learning Environment*” and “*Learning Environment: Rights and Responsibilities*”.
- To be familiar with the School Behaviour Policy and be consistent in its implementation.
- Become practised in using “Restorative Practices”, Leader in Me® and “Assertive Discipline” programs
- When breaches of School Behaviour Policy occur, classroom teachers must follow protocol. Classroom teacher must provide *written* documentation including strategies taken to deal with the problem for these reasons before the matter is referred on to Principal/ Assistant Principal

- Document incidents relating to the management of student behaviours to inform decision making. When concerns arise about a student’s on-going behaviour or when a student is displaying chronic patterns of problem behaviour, implement a targeted response to address the problem. This may involve the establishment of a Student Support Group involving parents/carers/well-being coordinator.
