## Principal's Message– Review: Curriculum and Assessment

Dear Parents, Staff & Students,

This week I would like to share some insight into what we as a staff saw to be the highlights of our **curriculum and assessment development over the past 4 years**. The following is a snippet from the *Review self study document*:

The pioneering spirit of our colleagues over 35 years ago has led us on a journey of quality language teaching and learning at BSPS. In 2014 -15, the current plan began with a re- commitment of introducing a 50-50 model and a desire to create a new history for the school.

It was decided in 2016 after a year of High Performance Culture professional development, maths curriculum development, along with introducing a new inquiry model that the school should canvass and seek opinions of introducing an internationally respected and renowned program the International Baccalaureate (IB). The IB program embraced by the community was seen to provide an excellent framework for future teaching and learning, curriculum development and assessment, international mindedness and global citizenship. Importantly its acceptance would provide further affirmation of the legacy and work completed at Bayswater South.

The step in becoming an IB PYP candidate school was seen as a highlight of the Review period of 2014-2018. The recommitment and development of the CLIL 50 -50 BSPS Bilingual program was also recognised as a highlight. These major pillars will continue to provide the foundation from which we create a new history for the school while recognising and celebrating our past.

In other news, we have the go ahead for our oval, it is now completed. Of course we are very excited and next week information will come out detailing how we are going to celebrate and open our new oval. So stay tuned for that!!

## Inside the Classroom— Mathematics in year 2

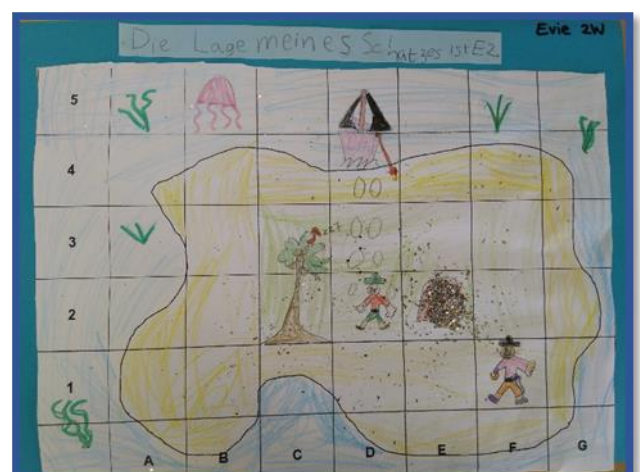

The topic in Mathematics has been 'Location and transformation'. The students in Year 2 have been working on drawing and interpreting simple maps. They had fun creating their own treasure map on a grid and showing the position of their treasure by adding some glitter. Here are some examples for you to enjoy!

## From Our PYP Coordinator— The Writing Process

Inarguably, writing is a process; we all do it in different ways, but we all follow an iterative process that gets us to the finish line.

Take email correspondence. We never write one for no reason: there's a purpose, an audience and a clear message or idea we want to convey (maybe you're composing a beautiful email that communicates your 'illness' to your boss so you can attend the cricket). We call this clarification process 'pre-writing'.

### Prewriting

What do I want to say?  
How do I want to say it?  
Who will read my writing?  
What else do I need to know to begin?  
Who can I talk to about my ideas?

### Drafting

Are my thoughts organized?  
Which ideas do I want to develop?  
In what order do I want to say them?  
Who can read this and offer suggestions?

And then you start 'drafting': jotting down your initial attempt, deciding where each idea should go in the sequence, rethinking sequencing and choice of words as you go.

What we DON'T do is a '1<sup>st</sup> draft' and a '2<sup>nd</sup> draft', we revise on the go, experimenting with a range of possibilities and deciding what works best (*should I say 'coughing a lot' or 'spluttering all over the place? Or neither...'*). Many writing process models separate drafting and revision into distinct parts, but good writers will revise as they go, treating it as a natural part of their process.

### Revising

Have I read what I have written?  
Are my details clear?  
Should I add or take out parts?  
Have I used the best ideas and words?  
Is my writing in a sensible order?  
What suggestions have others made?

### Editing

Have I used complete sentences?  
Are my spelling, capitalization, and punctuation correct?  
Have I marked corrections that I need?  
Has someone checked my work?

'Editing' is distinct from revising; it's not about becoming more entertaining, persuasive or informative, instead, it's about ensuring that you are meeting the conventions of the text type, and that everything is spelled correctly (Did I spell my boss's name right? Do

I sign off with 'cheers' or 'regards' or...? Does this comma change the meaning?) Editing is crucially important and can often be the difference between someone reading *our* text, or reading somebody *else's* text!

Finally, we publish! Does your email need a pink background? Maybe some **BOLD** text for emphasis? Probably not, but it's important for students to celebrate their effort and get their work out into the wider world.

### Publishing

Do I have a correct and neat copy?  
Should I illustrate it and display it?  
Should I read it out loud?  
Can I place it in a classroom library?  
Will I act it out?

### Growing Your Children's Self-Esteem Using Their Senses

It's so important to encourage and compliment our children, and yet it's not something we always readily do. We all appreciate being complimented, it puts a skip in our step and makes even a difficult day feel so much brighter. Giving a simple compliment isn't difficult, but we often overlook the impact of what this can do to our children's self-esteem, and so neglect to do it.

For example, it can be as basic as telling a child what a wonderful job they did helping their sibling with an activity, or how proud you are of them for their excellent behaviour when you went shopping, or what a great job they did packing up their toys when you asked them to. Simple, but it's easy to miss an opportunity to compliment them. The more depth you give to the compliment, the better they will receive it.

Add even more depth to your verbal compliment and you will have an even greater impact on your child's well-being. If you accompany your words with touch, a smile and eye contact, you will connect with them on a whole different level. It doesn't take much to grow a child's self-esteem and create good feelings at home. Compliments sincerely given have an enormous impact on those who receive them, and can satisfy the deep craving we all have to be loved and accepted.

We're inclined to underestimate the impact a compliment can make and so tend not to give them out as readily as we could. But let me encourage you to give it a really good go, and just watch what regular compliments do to your children's self-esteem and behaviour. It's easy to habitually tell them off, but if you can outweigh the times you do so with more compliments, you will impact their self-esteem hugely and be rewarded with children more willing to please you with better behaviour.

There are two things that will enhance the impact of a compliment -

1. Smile and make eye contact as you give the compliment.
2. Give the compliment with a gentle touch to make it personal.

A smile and gentle touch tells a child so much more than words alone, as they add more value to the spoken word. These gestures allow you to use three of your senses making a greater impact on the receiver both visually, kinaesthetically (touch) and verbally. Then the person doesn't just receive the message verbally, but via three modes; they see it, they feel it and they hear it. We often focus on the words and forget the all important visual and kinaesthetic aspects of a person.

Next time your child does something worthwhile, take the time to give a compliment also using these other modes of communication. Smile, make eye contact and add a gentle touch to really let them know how you feel. Watch your child's reaction, you may be surprised at the response you get from them and the change in their general behaviour.

THE VICTORIAN STATE SCHOOLS

# SPECTACULAR

*Hi Everyone in the Bayswater South Community,*

*In the past three months 18 students have been preparing for the Victorian State Schools Spectacular (VSSS). On Wednesdays, we come to the music room and practise all the songs and dance moves for the VSSS. Some of our favourite songs to dance and sing to are 'Downtown', 'Can't Hold Us', 'Wings', and 'I was Here'.*

*Every few weeks we have met up with the full team at VSSS and have learnt everything together. The next couple of times we get to do everything in costume. We cannot wait to see you at Hisense Arena on the 15th September. We are looking forward to singing and dancing soon.*

Talented young skaters, skate boarders, BMX riders, puppeteers, musicians, dancers and singers will feature on stage, while many other students will work behind the scenes, gaining unique, on-the-job, professional experience.

In the upcoming September school holidays, we are excited to announce that we will be running a Dungeons and Dragons group for 12 - 15 year olds, as well as our popular My Little Pony Friendship Group at our practice in Bayswater.

The My Little Pony group is for girls in Prep - Grade 2 and will involve children participating in fun, My Little Pony-themed activities, while developing skills in building friendships, working as a team, and social communication and problem solving.

The My Little Pony group will run daily from Monday 1st - Friday 5th October at 9.30am-11am. The cost is \$400 per child.

The Dungeons and Dragons group is for 12 – 15 year olds who already have some experience with Dungeons and Dragons. This is an opportunity to come and meet other fans of the game and play in a supportive environment with an experienced Dungeon Master.

The Dungeons and Dragons group will run over 4 sessions from 1pm – 3.30pm on Monday 24th September, Thursday 27th September, Monday 1st October and Thursday 4th October. Participants will be required to attend all 4 sessions.

As we are running this as a trial, we are offering the group at a reduced cost of \$50 per child (4 sessions and snacks included).

## LIONS FC

The Pascoe Vale Futsal Club is progressive and ambitious with professional academies in Brunswick, Thomastown and Mt Evelyn. Our full time coaches are fully qualified and passionate about Futsal, having played professionally or as current senior players.

### What is Futsal?

The word Futsal is a literal translation from German for "Indoor Soccer".

### Why Futsal?

Apart from being a whole lot of fun, Futsal is the ideal sport to develop the ABCS of Movement. Agility, balance, co-ordination and speed are just the beginning. Futsal also involves teamwork, boosts self esteem and confidence, increases social interactions, concentration and focus, creates motivation and drive and promotes cognitive development.

### Who run our clinics?

All of our clinics are run by fully qualified, professional coaches who have played Futsal professionally, or are current Lions Club senior players. Each of our coaches are passionate about sharing their skills and love for the game with children of all ages and run academies in Brunswick, Thomastown and Mt Evelyn.

### What do our clinics involve?

Our clinics run over 1 hour and can be tailored to your children. We run a variety of games and drills focussed on developing skills in a dynamic atmosphere where current skill level is catered for and built upon.

### Where are our clinics run?

An indoor sports area is ideal, however we can also set up and run on outdoor courts or ovals (with a backup plan for uncooperative weather)

### What is the cost?

Whether we come to you, or you join us at any of the 3 Futsal Oz centres we call home, our fees are highly competitive and affordable for groups of any size. Starting from \$40 per hour clinic (with minimum of 2 hrs booked) we can provide 1 or 2 (or more!!) qualified coaches to work with your group, attending to each member and creating an outstanding experience for all. Contact us for your tailor made package!

For all inquiries, please email us at [pvfcllinics@gmail.com](mailto:pvfcllinics@gmail.com) or phone Annika on 0412 283 172
